OneTomorrow

Since 1976, Kilimatembo School in Tanzania has been providing education to local children to pave the way for a brighter future. Kilimatembo emphasises the importance of conservation and environmental education, encouraging children to participate in numerous nature-based activities, including tree planting and caring for plants in the school's garden.

OneTomorrow, APT's charitable fund, provides regular donations to Kilimatembo School. The financial contributions have helped to provide water tanks for potable water, build a school kitchen, teacher accommodation, plus purchase computers, books and games for the students.
